Arts In Motion (AIM) is a non-profit, secular, cross-cultural and multi-genre association of like-minded individuals with the expressed purpose of promoting and enjoying creativity within its members and the surrounding community. AIM targets every day as an opportunity to learn and find pleasure in the aesthetic. Club members practice and support all mediums of art. While some within our group hone and display their craft, others reach out to bring performances and exhibitions to Leisure World. Our activities include monthly jazz concerts, annual poetry contests, and the endowment of scholarships to students matriculating in the Fine Arts.
